All payments for work performed by a subcontractor shall be made to the Contractor to whom the contract was awarded and the purchase order or Notice To Proceed issued.

### **Construction Safety Program**

Missouri law, 292.675 RSMo, requires the awarded Contractor and its subcontractor(s) to provide a ten-hour occupational safety and health administration (OSHA) construction safety program (or a similar program approved by the Missouri Department of Labor and Industrial Relations as a qualified substitute) for their on-site employees (laborers, workmen, drivers, equipment operators, and craftsmen) who have not previously completed such a program and are directly engaged in actual construction of the improvement (or working at a nearby or adjacent facility used for construction of the improvement). The Contractor and its subcontractor(s) shall require all such employees to complete this ten-hour program, pursuant to 292.675 RSMo, unless they hold documentation on their prior completion of said program. Penalties for non-compliance include Contractor forfeiture to the Commission in the amount of \$2,500, plus \$100 per contractor and subcontractor employee for each calendar day such employee is employed beyond the elapsed time period for required program completion under 292.675 RSMo.

The Contractor shall provide all information, reports and other documentation as required by MoDOT to ensure compliance with Chapter 290 RSMo., as amended, relating to prevailing wages to be paid on public works. The Contractor shall forfeit a penalty to the contracting public body of \$100 per day (or portion of a day) for each worker that is paid less than the prevailing rate for any work done under the contract by the contractor or by any subcontractor. The Contractor shall submit notarized weekly payroll affidavit documentation included with the project request for payment.

### **Temporary Suspension of Work**

The District Engineer or a designated representative shall have authority to suspend work wholly or in part for such period or periods as may be deemed necessary when weather or other conditions are such that in the opinion of the engineer, the work may be done at a later time with advantage to MoDOT or for failure on the part of the Contractor to comply with any of the provisions of the solicitation. If MoDOT suspends the work for its own advantages and not because of the Contractor's failure to comply, the Contractor will be allowed an equal number of calendar days after the completion date to finish the work. MoDOT may at its discretion give the Contractor an extension of time for completing the work where the Contractor incurs delays for causes beyond his control.

**Liquidated Damages**

In the event the Contractor fails to deliver the work within the time specified, the Department and the public will sustain damages because of such delay in delivery, the exact extent of which would be difficult to ascertain, and in order to liquidate such damage in advance it is agreed that **the sum of \$100.00 per day, per item**, for each assessable calendar day on which the work has not been completed, is reasonable and the best estimate which the parties can arrive at as liquidated damages, and it is therefore agreed that said amount will be withheld from payments due the Contractor or otherwise collected from the Contractor as liquidated damages. Saturdays, Sundays, holidays and days whereas the Department has suspended work shall not be assessable days.

**Prohibition Of Employment Of Unauthorized Aliens:**

a. Non-employment of Unauthorized Aliens: Pursuant to Section 285.530, RSMo., no business entity or employer shall knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the State of Missouri. As a condition for the award of any contract or grant in excess of five thousand dollars by the State or by any political subdivision of the State to a business entity, or for any business entity receiving a state-administered or subsidized tax credit, tax abatement, or loan from the state, the business entity shall:

1) By sworn affidavit and provision of documentation, affirm its enrollment and participation in a federal work authorization program with respect to the employees working in connection with the contracted services. E-Verify is an example of a federal work authorization program. The business entity must affirm its enrollment and participation in the E-Verify federal work authorization program with respect to the employees proposed to work in connection with the services requested herein by providing acceptable enrollment and participation documentation consisting of **completed** copy of the E-Verify Memorandum of Understanding (MOU). For business entities that are not already enrolled and participating in a federal work authorization program, E-Verify is available at:

[http://www.dhs.gov/files/programs/gc\\_1185221678150.shtm](http://www.dhs.gov/files/programs/gc_1185221678150.shtm)

2) By sworn affidavit, affirm that it does not knowingly employ any person who is an unauthorized alien in connection with the contracted services.

b. Proof of Lawful Presence For Sole Proprietorships and Partnerships: If the business entity is a sole proprietorship or partnership, pursuant to Section 208.009, RSMo., each sole proprietor and each general partner shall provide affirmative proof of lawful presence in the United States. Such sole proprietorship or partnership is eligible for temporary public benefits upon submission by each sole proprietor and general partner of a sworn affidavit of his/her lawful presence on the United States until such lawful presence is affirmatively determined, or as otherwise provided by Section 208.009, RSMo.

**ADDITIONAL INFORMATION FOR VENDORS:**

To begin participation in the federal program takes some time on the internet (at the link above). Once the registration, tutorial and test on this site is passed, an electronically signed Memorandum of Understanding verifying program participation will be given. **Documentation of E-Verify participation will be requested by MoDOT, when applicable. Therefore, it is important that the vendor prints the Memorandum of Understanding (MOU) and keeps a copy for their use in this, as well as future RFB submissions.**

A vendor may submit **EITHER** a page from the E-Verify MOU listing the vendor's name and the MOU signature page completed and signed, at a minimum, by the vendor and Department of Homeland Security – Verification Division (electronic signature is acceptable) **OR** the E-Verify Employment Eligibility Verification (EEV) page. If the signature page of the MOU lists the vendor name and company ID, then no additional pages of the MOU are required. A vendor can obtain a copy of the EEV page by accessing the vendor's "Maintain Company" page in E-Verify and printing the screen.
